

FACULTY POSITIONS

Department of Biology
NYU CENTER FOR COMPARATIVE FUNCTIONAL GENOMICS

As part of a multi-year hiring plan, **New York University's Center for Comparative Functional Genomics** in the Department of Biology invites applications for multiple faculty positions (rank open) to begin September 1, 2007, or as negotiated, pending administrative approval. **Candidates using high throughput approaches and computational methods to investigate biological regulatory mechanisms and their evolution at the level of systems and networks are especially encouraged to apply.** Candidates will be expected to have or develop active, externally funded research programs and to participate in the department's teaching activities at both the undergraduate and graduate levels. The Center and the Department (<http://www.nyu.edu/fas/dept/biology>) offer an outstanding and collegial research environment and opportunities for active collaborations with other related divisions within the university including the NYU Courant Institute's Departments of Math and Computer Science and with genomic consortia formed with other New York institutions.

Applications should include cover letter, research statement, curriculum vitae, and three letters of reference. Electronic applications as PDF files should be sent to **biology.recruitment@nyu.edu**
